Coz even a superstar Mac-daddy like me has to have the basic necessities!

Here is the list of your child's stationery requirements for this year. It would be beneficial for your child if the stationery list can be supplied as soon as possible.

All books will need to be covered; this protects the book from falling apart during the year. Please label each item on the stationery list, including all pencils, pens etc. Each book needs the child's name and book title.
